Hey, weâ€™re not going to beat around the bush, this place needs some work. Honestly though, what did you expect from a legally suited house anywhere under \$400k these days? Hereâ€™s the good news. Itâ€™s pretty much all cosmetic. If you have what it takes to patch the walls, do a full paint, and replace flooring youâ€™re already half way there. Some handyman skills and to repair the rest and youâ€™re in business. You can definitely add value here and be happy with a solid income property that will produce great rent for years to come. Itâ€™s got the things you really need. Over 1100sf square footage is always way more attractive and you canâ€™t make a small bungalow bigger. Big yard, big garage, whoever lives here is going to love it. The neighborhood is far enough North to be a desirable place to live and itâ€™s close to all the good stuff, schools, shopping, amenities, and transportation corridors. Great house for someone looking to do a little work to add some value and earn some sweat equity!
